PROGRESS CLUB MEETING

The Progress Club met with its President, Mrs. Wm. Carl Hunt, Thursday, September 13. Miss Howard of Louisville, who was in Germany studying music at the outbreak of the war, told in a very interesting way of her experiences. Miss Howard had been in Germany many times before, and contrasted beautifully Germany in peace and Germany in war.

She recommended that we begin to practice some of Germany's economies before they are forced upon us. She also favored the Club with a few piano selections.

FIRST AID INSTRUCTION

Drs. B. F. and M. M. Robinson have been rendering an excellent service at the Robinson Hospital in the way of giving free lessons to the ladies of the Red Cross in First Aid Work.

The text books used is the adopted one by the organization. Each night a chapter is taken up and skillfully taught by one or the other of the professional men.

Those who have been interested and attended regularly have received untold benefit and express their appreciation. In these times as well as in times of peace this knowledge will never come amiss.

Y. W. C. A. SOCIAL

Instead of the usual party meeting in the various dormitories, the Y. W. C. A. planned a social half-hour for the young women, the first Thursday evening of the term. Three large groups were formed on the lawns near the main women's dormitories. All participated in games and were glad of the opportunity to become better acquainted. Before leaving, hymns were sung and a few words were spoken in explanation of the Bible Classes which will be held every Thursday evening. These are led by able leaders and the young women are privileged in being members of such classes.

INTERESTING SOUTH AMERICAN LECTURE

Sunday night at United Chapel the Rev. Dr. Mills of Washington, D. C., gave a most interesting lecture on South America. He spoke as one of authority because of his extensive travels in the different republics of that vast region. By the aid of numerous projected pictures representing the customs, peoples, cities, and their attractive features enhanced the interest.

In his introduction he stated how little the average citizen of the U. S. knows about South America. In the course of the lecture many were persuaded that he knew whereof he spoke. All were pleased and many expressed appreciation of the hour's instruction.

PUBLIC SCHOOL NOTES

Attendance continues to increase.

Friday and Monday the largest yet. Now that the College Training School is in session, "slackers" can no longer hide behind the excuse: "I am going to the Training School." We earnestly ask the co-operation of the public in the rigid enforcement of the compulsory school law. Look out for the Honor Roll next week! To get on the Roll pupils must not fall below "good" in any subject and not be absent or tardy a single day.

The new swing is hard worked. The first, second and third grades have first right and the upper grades look on with envious eyes.

We need more play ground equipment, and some donations have come in for more already.

Thanks! A little later we will tell you who donated a nice 8-day Seth Thomas clock for our school.

The High School has had a welcome addition this week in the person of Miss Alice Venable of Kings-ton.

Miss Nancy Dunn reports a pleasant and profitable time on her visit to the Normal Training School, Saturday, September 15.

Bertha Wynn has returned to High School after an absence of a week on account of illness.

Plans still go forward for school lunch.

We appreciate the friendly attitude of Berea College workers toward our public school. We wish to have The Citizen included in this expression of appreciation.

A good flag will cost \$15 or \$20. Who will give a dollar for every \$4 we raise elsewhere? Old Glory should wave over every school house in the land.

Let us have a flag in keeping with our beautiful school house in a renowned college town.

ONE HOUSE AND SOME LOTS FOR SALE YET

This house is not where we live as so many people thought. Where we live is not for sale, my wife says; but the house and lots that are for sale are on the same street that we live on; three hops and a jump to the College.

More College professors and teachers have homes on this street than on any other in Berea.

Best College in the United States; students rolling in here from everywhere. More here now than ever before at Fall Term.

Have bought more Mississippi farming land is my reason for selling this property. I want to help feed the "Sammies" and I have raised them a fine lot of it this year.

I am not going to leave Berea as some people thought; I am going to be here the most of my time fixing "old snags." I am going to fix teeth a long time yet, and I don't want any better place than Berea to do it. "When I walk I walk with Willie." When I fix teeth I fix 'em in Berea.

When I farm I farm in Mississippi. Truth's no lie.

S. R. BAKER.
P. S. Come and look at this house and the lots before you buy elsewhere. ad-12Worse and Worse.
Mrs. Penman—Why do you look so sad, dear?

Mr. Penman—The editor has rejected my story and sent it back.

"I'm sorry, dear."

"Yes, it's really too bad."

"Is that the reason he gave for rejecting it, dear?"—St. Louis Post-Dispatch.
